

# Pysgota dramor?

Mae clefydau a rhywogaethau ymosodol yn lladd pysgod.  
Peidiwch â dod â nhw'n ôl gyda chi.

## Fishing abroad?

Diseases and invasive species kill fish.  
Don't bring them back.

Cerbynnod â Feirws Herpes Koi  
Carp with Koi Herpes Virus

Diogelwch yr amgylchedd a'r gweithgareddau yr ydych yn eu mwynhau:

**Edrychwch** ar eich offer, eich dillad a'ch esgidiau pan fyddwch wedi dod allan o'r dŵr. Tynnwch unrhyw fwd, anifeiliaid byw neu ddeunydd planhigion a'u gadael ar y safle.

**Golchwch** bopeth yn drylwyr cyn gynted ag y gallwch, gan roi sylw i fannau sy'n damp ac yn anodd mynd atynt. Defnyddiwch ddŵr poeth os yn bosibl.

**Sychwch** bopeth cyn hired ag y gallwch cyn eu defnyddio yn rhywle arall gan y gall rhai planhigion ac anifeiliaid ymosodol oroesi am bythefnos a mwy dan amodau tamp.

**EDRYCH  
CHECK**

**GOLCHI  
CLEAN**

**SYCHU  
DRY**

Protect the environment and sport you enjoy:

**Check** your equipment, clothing and footwear when you leave the water. Remove any mud, live animals or plant material and leave it at the site.

**Clean** everything thoroughly as soon as you can, paying attention to areas that are damp or hard to access. Use hot water if possible.

**Dry** everything for as long as you can before using elsewhere as some invasive plants and animals can survive for over two weeks in damp conditions.

Gallwch ganfod mwy am blanhigion ac anifeiliaid ymosodol a sut i'w hatal rhag ymledu yn:
