

Invasive plants and animals harm the environment and block waterways

Don't spread them on your kit

CHECK

Check your gear after leaving the water for mud, aquatic animals or plant material. Remove anything you find and leave it at the site.

CLEAN

Clean everything thoroughly as soon as you can, paying attention to nets, waders, and areas that are damp and hard to access. Use hot water if possible.

DRY

Dry everything for as long as possible before using elsewhere.
