

Non-Native Marine Species Awareness Training 03 March 2011, Menai Bridge

by *Marine EcoSol* on behalf of the Countryside Council for Wales and the Wales Biodiversity Partnership

FREE a lab based training day to anyone working for governmental and non-governmental organisations, local authorities, contractors and consultants in Wales. Maximum 50 places, first come first served!

The aim is to raise awareness, aid identification skills and pass on best practice guidance in how to control a range of non-native species.

Venue: Dennis Crisp Suite, School of Ocean Sciences, Menai Bridge, Anglesey. LL59 5AB.

Date: 03 March 2011

Time: 0900 to 1600 (lunch provided; please advise on dietary requirements)

To book contact: info@marine-ecosol.com or call 01248 712277

There will be a similar free non native species training day in South Wales 16th February at Dale Fort, Pembrokeshire. Please contact Sue Balkwill (suebalkwill@hotmail.com) about this course.
