URGENT

ACTION NOW!

Japanese Knotweed,
Himalayan Balsam,
Giant Hogweed
& other invasive
species are taking over!

IT'S NOT SCI FI!

Serious negative impact and
cost for industries such as
construction, aquaculture,
tourism & land management!

Costing the Scottish gov't
over £500 million annually!

Are you inadvertently
helping these
to spread further?

COME FIND OUT!

FREE classes, info stalls
great networking

Invasive species identification

Do's & Don'ts

KNOW THE LAW!

Land owners, managers,
builders, contractors,
gardeners, eco warriors

Awareness raising
for eco volunteers,
educators, students,
gardeners

ALL WELCOME!
