Important dates

Second announcement	February 16–20, 2012
<i>Deadlines:</i>	
Early registration at reduced fee	May 16, 2012
Late registration for presenting authors	July 15, 2012
Late registration for other participants	August 20, 2012 (on the first day of the Conference)
Abstract submission	June 30, 2012
Early article submission*	February 16, 2012
Late article submission*	August 20–23, 2012 (during the Conference)

*All submitted manuscripts will be reviewed by two anonymous reviewers and published in scientific journal. Articles will be published only after manuscript acceptance for publishing. Early submitted and in time reviewed articles will be published until the first day of the Conference. Late submitted articles (and early submitted articles accepted for publishing with the major changes) will be published after the Conference. During the Conference days (or by regular mail if articles will be published after the Conference) all authors will receive their free paper copies. After the Conference the electronically version of all issued volumes will be available from *RPD Science* homepage.

Conference abstracts

All accepted abstracts of all conference presentations will be published in special scientific abstract journal. Abstract journal will be available on the first day of the Conference. During the Conference registration all conference participants will receive their free journal copy. After the Conference the electronically version of abstract journal will be available from *RPD Science* homepage.
