

## Top 23 'Most Unwanted' Species for the Falklands

### Horizon scanning exercise for priority invasive non-native species

#### Falkland Islands consensus priority species

Revised May 2019

Impact assessed for biodiversity (bio), economy (eco) and human health (hlth)

Species	Common name	Group	Impact		
			bio	eco	hlth
<i>Mytilus spp</i>	Mussels	Marine	x	x	
<i>Undaria pinnatifida</i>	Wakame (Asian) seaweed	Marine	x		
<i>Botryllus schlosseri</i>	Star ascidian	Marine	x		
<i>Carcinus maenas</i>	European green crab	Marine	x		
<i>Asciidiella aspersa</i>	Sea squirt	Marine	x		
<i>Amphibalanus amphitrite</i>	Acorn barnacle	Marine	x		
<i>Balanus glandula</i>	Barnacle	Marine	x		
<i>Codium fragile subsp fragile</i>	Green sea fingers	Marine	x		

<i>Salmo salar</i>	Atlantic salmon	Fish	x		
<i>Oncorhynchus mykiss</i>	Rainbow trout	Fish	x		
<i>Anas platyrhynchos</i>	Mallard	Bird	x		
<i>Rangifer tarandus</i>	Reindeer	Mammal	x	x	

<i>Ixodes ricinus</i>	Sheep tick	Arachnida		x	x
<i>Harmonia axyridis</i>	Harlequin ladybird	Coloeptera	x		
<i>Aphis fabae</i>	Black bean aphid	Hemiptera		x	
<i>Brevicoryne brassicae</i>	Mealy cabbage aphid	Hemiptera		x	

<i>Berebris ilicifolia</i>	Holly barberry	Plant	x	x	
<i>Carex pendula</i>	Sedge	Plant	x		
<i>Hedera 'Hibernica'</i>	Atlantic / Irish ivy	Plant	x		
<i>Leptinella plumosa</i>	Daisy family	Plant	x		
<i>Schedonorus arundinaceus</i>	Tall fescue	Plant	x
