Threskiornis aethiopicus

Red-eared terrapin and all sub-species
Trachemys scripta

■ **Terrestrial**

■ **Freshwater**

The animals depicted above are included on the list of Species of Special Concern. There are restrictions on the keeping, trading and sale of these species. They should only be rehomed to premises with an appropriate permit. Non-native animals should not be released or allowed to escape into the wild.

If any of the species listed above, or any other Species of Special Concern, are brought into your centre / surgery, please contact the Non-native Species Inspectorate:

nnsi@apha.gov.uk

For more information on Species of Special Concern, visit:

Please note: the relative size of the different species represented is not proportional. This poster is based on a design by the Belgian National Scientific Secretariat on invasive alien species. Images: Royal Belgian Institute of Natural Sciences.
